THE 2 GRAN COUPÉ

DISCOVER THE BMW 2 SERIES GRAN COUPÉ

Not a typical coupé but rather an incredible experience: the first-ever BMW 2 Series Gran Coupé introduces a new form of authority with a bold character to the compact class. It is above all the uncompromising, performance-oriented aesthetic that unmistakably reveals its ambitions. Not elegant but extravagant. Not conventional but individual. Not ordinary – but extraordinary. In keeping with high-end technologies and perfectly tuned driving dynamics features, the BMW 2 Series Gran Coupé stands out from the crowd with ease and pursues its very own path.

218i SPORT LINE EDITION

MODEL HIGHLIGHTS

12AK

- 17" light alloy wheels Double-spoke style 549
- Sport Line
- LED headlights
- Cruise control with braking function
- Driving Assistant
- Parking assistant
- Speed Limit Info
- BMW Live Cockpit Professional, 12.3" digital instrument display
- Wireless smartphone charging
- Sport seats for driver and front passenger

Consumption	5.9 l / 100km ¹	CO2	135 g / km ¹
0-100km/h	8.7 sec	Transmission	7-speed automatic
Engine	3-cylinder	Power/Torque	103kW / 220 Nm

Price incl. GST \$58,900

Fuel consumption is determined in accordance with the ECE driving cycle (93/116/EC) made up of approximately one third urban traffic and two thirds extraurban driving (based on the distance covered). CO2 emissions are measured in addition to fuel consumption. All data is presented based on a vehicle of this model with standard equipment as tested for the German market. Where those vehicles are available in a right hand drive variant, they can be specially ordered from the factory by New Zealand customers. Figures given for unladen weight in kg is based on vehicle with standard equipment and includes a 90 per cent tank filling, 68 kg allowance for the driver and 7 kg allowance for luggage. Optional equipment may increase this figure. The performance and fuel consumption rates listed are based on the use of RON 98 fuel. Actual figures for fuel consumption and emissions will depend on many factors including traffic conditions, driving habits, prevailing conditions and your vehicle's actual equipment, condition and use. Test figures are unlikely to be achieved in real world driving conditions and should only be used for comparing one vehicle with another. Further information about the official fuel consumption and the official specific CO2 emissions for new passenger vehicles can be found in the 'New Passenger Vehicle Fuel Consumption and CO2 Emission Guidelines', which are available free of charge at all sales outlets, from Deutsche Automobil Treuhand GmbH (DAT), Hellmuth-Hirth-Str. 1, 73760 Ostfildern, Germany, or at <http://www.dat.de/en/offers/publications/guideline-for-fuel-consumption.html>. Effective from 1st Novembe 2020.

Product features, specifications, models and prices are subject to change without notice. The general information in these materials should always be read in conjunction with other specific materials and information available from BMW Group New Zealand. E&OE Effective from 1st January 2021.

Fuel consumption is determined in accordance with the ECE driving cycle (93/116/EC) made up of approximately one third urban traffic and two thirds extra-urban driving (based on the distance covered). CO2 emissions are measured in addition to fuel consumption. All data is presented based on a vehicle of this model with standard equipment as tested for the German market. Where those vehicles are available in a right hand drive variant, they can be specially ordered from the factory by New Zealand customers. Figures given for unladen weight in kg is based on vehicle with standard equipment and includes a 90 per cent tank filling, 68 kg allowance for the driver and 7 kg allowance for luggage. Optional equipment may increase this figure. The performance and fuel consumption rates listed are based on the use of RON98 fuel. Actual figures for fuel consumption and emissions will depend on many factors including traffic conditions, driving habits, prevailing conditions and your vehicle's actual equipment, condition and use. Test figures are unlikely to be achieved in real world driving conditions and should only be used for comparing one vehicle with another. Further information about the official fuel consumption and the official specific CO2 emissions for new passenger vehicles can be found in the 'New Passenger Vehicle Fuel Consumption and CO2 Emission Guidelines', which are available free of charge at all sales outlets, from Deutsche Automobil Treuhand GmbH (DAT), Hellmuth-Hirth-Str. 1, 73760 Ostfildern, Germany, or at <http://www.dat.de/en/offers/publications/guideline-for-fuel-consumption.html>. Effective from 1st January 2021.

COMFORT

PACKAGE

VISIBILITY

PACKAGE

[Show Package Information](#)

COMFORT ACCESS

322

If the driver approaches the vehicle or leaves it and goes away from it, the doors are opened or locked automatically. In addition to that, the Digital Key can be installed on your own compatible smartphone, which carries out the functions of the key and can alternatively also be controlled with the included NFC key card.

ELECTRONIC SEAT ADJUSTMENT

459

An optimal seat position is a prerequisite for a safe and comfortable journey. Seat adjustment, electric, with memory conveniently saves the preferred settings for the driver's seat and the exterior mirrors.

SEAT HEATING FOR DRIVER AND FRONT PASSENGER

494

Provides pleasant warmth, adjustable in three levels. The heat elements warm the surface of the seat, the side bolsters, and the entire contact surface of the backrest.

[Additional feature for M235i xDrive]

GESTURE CONTROL

608

Selected functions can be operated by means of defined hand movements.

LUMBAR SUPPORT

488

Electrical up/down and advance/retract adjustment.

Optional on Sport Model and M235i xDrive

\$1,800

COMFORT PACKAGE

VISIBILITY PACKAGE

METALLIC PAINT*

ADAPTIVE LED HEADLIGHTS

552

With variable light distribution, incl. cornering lights. Illuminates bends as the driver turns the steering wheel and adjusts length of light cone depending on speed.

PANORAMA GLASS ROOF

402

The Panorama glass roof provides mesmerising views and allows a great deal of light into the interior, lending it a particularly spacious and open ambience. With slide and lift functions, the Panorama glass roof provides a variety of options for great ventilation.

[Additional feature for M235i xDrive]

ACTIVE CRUISE CONTROL WITH STOP&GO FUNCTION

5DF

Camera and radar-based driver assistance system consisting of cruise control with approach control, Speed Limit Info incl. no-overtaking indicator, manual Speed Limit Assist, front collision warning with brake intervention.

*Storm Bay available, less balance of the price of regular metallic paint.

\$3,200

SUSTAINABILITY AT BMW

Actions and technologies that have a real effect.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

BMW i3

The first premium manufacturer to introduce an electric car.

BMW 330e

Continuing BMW's plug-in hybrid campaign.

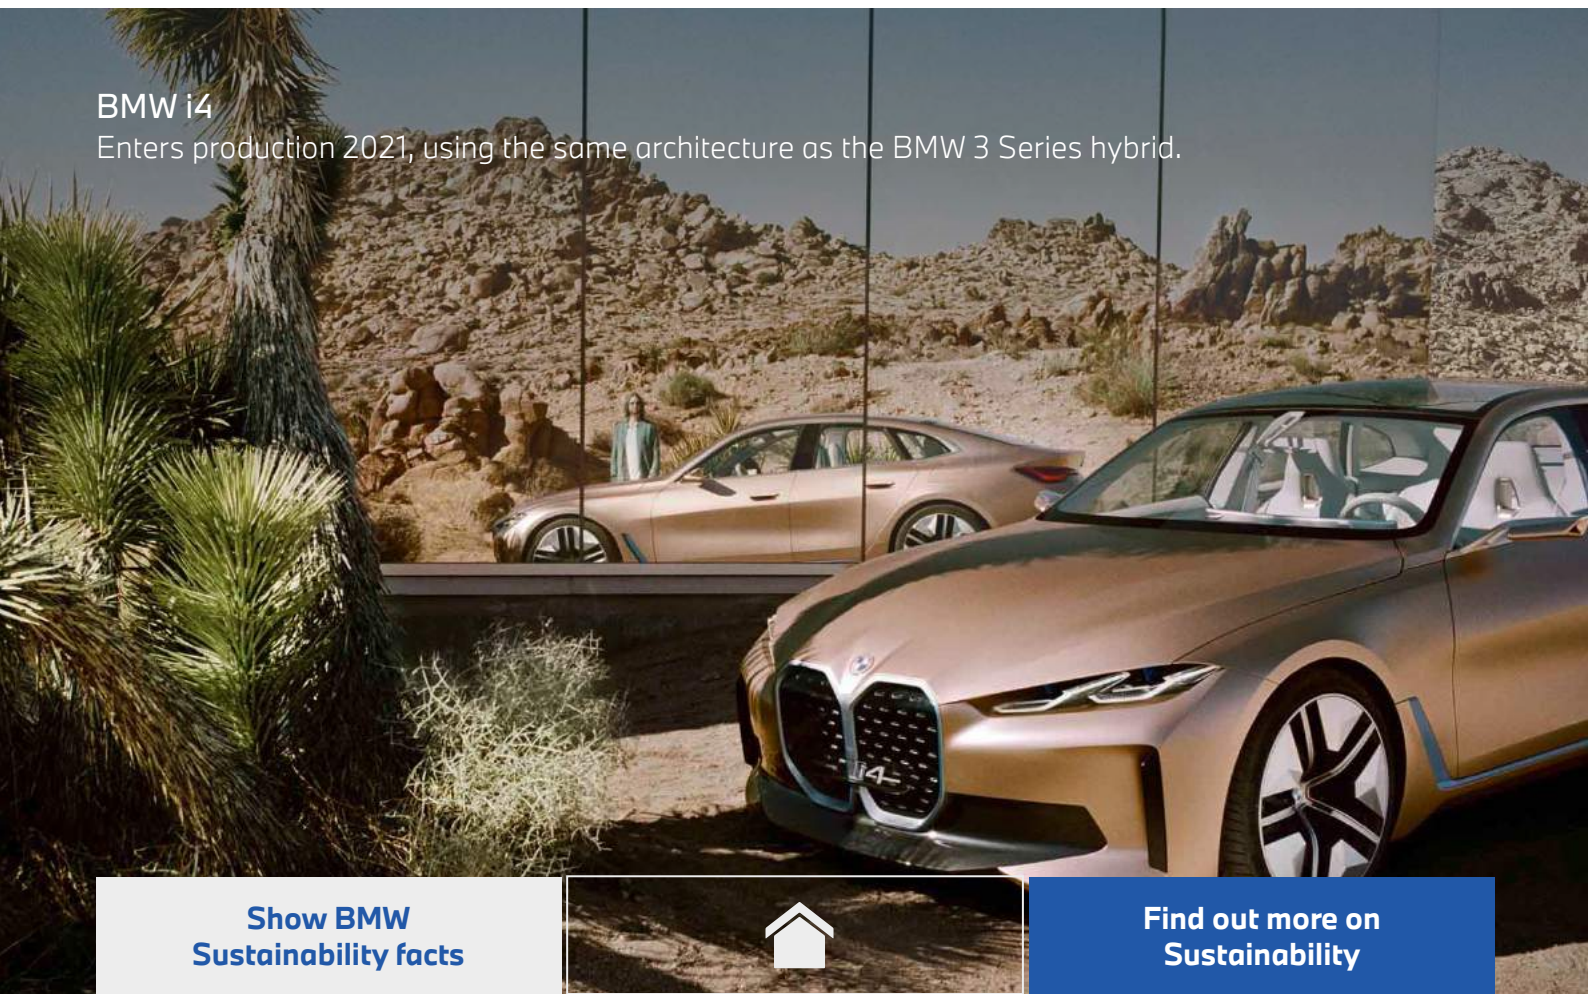

BMW iX3

All the advantages of an SAV, now electric.

BMW i4

Enters production 2021, using the same architecture as the BMW 3 Series hybrid.

SUSTAINABILITY AT BMW

Actions and technologies that have a real effect.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

BMW i3

The first premium manufacturer to introduce an electric car.

BMW 330e

Continuing BMW's plug-in hybrid campaign.

BMW iX3

All the advantages of an SAV, now electric.

BMW i4

Enters production 2021, using the same architecture as the BMW 3 Series hybrid.

- In cooperation with Charge Net, BMW i customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitaia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO2 emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product life cycle.
